Summer Teaching Opportunities in China

Promoting International Faculty Partnerships

Located in Wuhan, the largest city and a transportation hub of Central China. HZAU's 18 colleges feature life science, agriculture, engineering, art, law, economics, and management.

2017 Summer Teaching and Research Opportunities at UF Partner University **Huazhong Agricultural University (HZAU)***

UF Faculty Invited to Teach the Following Courses: **

Business, Accounting and Finance

- Auditing
- Cost and Management Accounting
- Information Economics
- International Business Communication
- International Finance
- Theories of International Trade

Design, Construction and Planning

- Construction Industrialization
- Green Building

Economics and Geography

- Advanced Natural and Environmental Economics
- Econometrics
- Experimental Economics
- Human Ecology
- Introduction to Public Economics
- Introduction to Spatial Economics
- Macroeconomics
- Microeconomics

Humanities, History and Literature

- Children's Literature
- Human Ecology
- Introduction to American History and Culture

Information Science

- Government Information Disclosure and Information Services
- Information Economics

Science

- Biochemistry
- Biomedicine
- Bioorganic Chemistry
- Cryptography
- Evolutionary Biology
- Organic Spectroscopy
- Synthetic Biology

**HZUA welcomes proposals for courses not listed.

**The table below outlines the number of class hours and course credit hours for each course.

Compensation:

HZAU pays for international travel and covers food and guesthouse expenses. It also provides an allowance of about 12,000-15,000 RMB ($1,700 to $2,100) per credit (about 16 teaching hours per credit).

More Information:

- Julie Fesenmaier (juliefes@ufl.edu), Office for Global Research Engagement, UF International Center
- In China, **Chonghua Zhang** (chzhang51@foxmail.com) and copy **Ms. Mi-Mi Cui**, the program coordinator at the international office of HZAU.(mmc2003@mail.hzau.edu.cn)
