We are pleased to announce the 2012 Graduate Student Grants and Fellowships Conference will take place on Friday, June 1, 2012 in the Health Professions, Nursing, and Pharmacy Building (HPNP).

This year’s conference will have many speakers and breakout sessions that detail opportunities for federal fellowships, dissertation awards, and grants for international students. Students will also be able to learn from other students’ successes, and work directly with some of the largest grant and fellowship funding organizations in the US.

Representatives from the National Institutes of Health, National Science Foundation, Ford Foundation Fellowship, and many other guests will be participating in talks and breakout sessions. This is the largest conference of its kind in Florida. Registration will be required for attendees and can be completed online at:
